We help people lead longer, better lives

USA Health University Hospital

USA Health University Hospital is an acute-care facility serving as the major referral center for southwest Alabama, southeast Mississippi, and portions of northwest Florida. It offers centers for Level I trauma, burn, stroke, cardiovascular disease, and sickle cell disease. As a teaching and research facility for the Frederick P. Whiddon College of Medicine at the University of South Alabama, University Hospital plays a key role in the development of new technology, treatments, and training of future healthcare professionals. The hospital also includes outpatient care services such as cardiology, internal medicine and surgery.

USA Health Children's & Women's Hospital

USA Health Children's & Women's Hospital is the only stand-alone inpatient facility in Alabama dedicated to providing the most advanced and comprehensive healthcare to children and women. Services range from the region's only pediatric emergency center — open 24 hours a day, seven days a week and staffed with specially trained emergency medicine physicians — to the region's only level III neonatal intensive care unit, small baby unit, and pediatric intensive care unit, where the area's sickest children receive the most advanced care. The highly trained staff delivers more babies annually than any other hospital in the Mobile area and includes the region's only high-risk obstetrics program.

USA Health Providence Hospital

Providence Hospital is a full-service, 349-bed hospital providing 24/7 emergency care and a level III trauma center, as well as exceptional birthing services, surgical care and specialty care. Recently, they were awarded the Comprehensive Center of Excellence for Bariatric Surgery by the American College of Surgeons. To earn this designation, Providence Hospital met and exceeded essential criteria for staffing, training, facility infrastructure, and patient care pathways, ensuring its ability to support patients with obesity.

USA Health Mitchell Cancer Institute

The USA Health Mitchell Cancer Institute stands as the only academic cancer treatment and research facility along the upper Gulf Coast. Continuous research and technological advancements keep the MCI at the forefront of cancer treatment and outcomes. Providers and staff are dedicated to bringing the most advanced care to people in the region, including having available clinical trials that are the stepping stones to widespread treatment options.

USA Health Physician Enterprise

The USA Health Physician Enterprise includes the region's largest multi-specialty practice and the only academic physicians group on the upper Gulf Coast. With more than 700 specialists, subspecialists and community providers, the Physician Enterprise offers the most advanced services to meet the healthcare needs of people in the region. The group's footprint now reaches across Mobile and Baldwin counties, with key multi-specialty practices located at the Strada Patient Care Center in Mobile, the Physicians Office Building in west Mobile, and the Medical Office Building at the Mapp Family Campus in Fairhope.

The region's only academic health system
